Naming, Healing, Sending, Week 2 July 6 / 7

Speaker: Joel Schmidgall

Scripture: Mark 8:22-25

Sermon Overview

This weekend, we talked about the progression of seeking healing that can come through Christ. Tucked away in Mark 8 is a strange and fascinating story about a blind man who received sight from Jesus. The story teaches us a progression of healing. It took three unique touches. The first was preparation, the second brought sight, but the third touch brought vision. May the Lord open our eyes and grant us faith as we press in to grasp vision and healing from him in the areas of pain, hurt, trouble, and trial.
